Specifications:
Materials: **diffuser in Corian with stripes**
Size: **height 300 mm., diameter 90 mm.**
Technical characteristics: **CNC milled and thermoformed**
The lamp is furnished with one fluorescent bulb

Prices: **upon request**

The *Stripes* lamp is one of a set designed for interior spaces by Pongratz Perbellini Architects. The basic idea is to create a new perception of the space using the lighting-object as allusive to a more sensorial experience.

Stripes, a suspension lamp in Corian, is being perceived as a flowing object, characterized by a fluid and soft shape. This design choice addresses aspects of perception, that transfer a new sense of tranquility and relaxation.
